## THE ALPHABET PRAYER

Many of us need to be more like the little girl whom the farmer found lost in his meadow. The farmer said to her, "Do not cry; I'll take you home."

The little girl snuggled up to him, and with a smile, said, "I knew you would; I was waiting for you."

"Waiting for me?" said the man. "What made you think I was coming?"

"I was praying you would," she said.

"Praying? When I first heard you, you were saying A-B-C-D-E-F-G.

What was that for?"

She looked up again and said, "I'm just a little girl. I was praying all the letters of the alphabet and letting God put them together the way he wanted to. He knows I was lost, and he knows how to put words together better than I do." - *Homiletics*

## SEVENTY YEARS

By the time you're 70 years old, you will have spent nearly a quarter of a century sleeping. The average person spends about 23 years of his or her life in bed. Here are estimates of how most American spend their waking hours during those 70 years.

11 years working	8 years in leisure pursuits
6 years eating	5 years grooming
4 years being educated	3 years talking
2 years reading	6 months worshipping God

Perhaps Sunday morning worship isn't as long as it seems.
